WEED RESEARCH

Vol. 21 No. 1 **February 1981**

R. A. CHRIST. The effect of CGA 43089 as a safener of metolachlor in sorghum (*Sorghum bicolour*) (Recordings of elongation rates on single sorghum leaves) 1
S. U. KHAN and W. J. SAIDAK. Residues of atrazine and its metabolites after prolonged usage 9
D. J. SWAIN. Atrazine dissipation in irrigated sorghum cropping in southern New South Wales 13
B. J. WILSON. The influence of reduced cultivations and direct drilling on the long-term decline of a population of *Avena fatua* L. in spring barley 23
J. S. FAULKNER and B. M. R. HARVEY. Paraquat tolerant *Lolium perenne* L.: effects of paraquat on germinating seedlings 29
Z. SZIGETI, E. SARVARI and C. BUJTAS. Effect of some substituted benzonitriles on photosynthetic activity of spinach and wheat *in vivo* and *in vitro* 37
N. M. MONAGHAN and H. BROWNLEE. Control of *Solanum karensis* in grain sorghum 43

Vol. 21 No. 2 **April 1981**

K. MIYANISHI and P. B. CAVERS. Effects of hoeing and rototilling on some aspects of the population dynamics of pure stands of *Portulaca oleracea* L. (purslane) 47
D. C. G. MUIR, M. PITZE, A. P. BLOUW and W. L. LOCKHART. Fate of terbutryn in macrophyte-free and macrophyte-containing farm ponds 59
D. M. DREXLER and R. A. FLETCHER. Inhibition of photosynthetic pigments in cucumber cotyledons as a principle for a bioassay with fluridone 71
J. H. COMBELLACK and G. A. MATTHEWS. The influence of atomizer, pressure and formulation on the droplet spectra produced by high-volume sprayers 77
R. J. HANCE and R. A. HAYNES. The kinetics of linuron and metribuzin decomposition in soil using different laboratory systems 87
M. DECLEIRE et W. DE CAT. Modification des teneurs en ATP, glucose, fructose et saccharose dans des plantules de concombre (*Cucumis sativus*) sous l'action de divers herbicides 93
R. J. FROUD-WILLIAMS, R. J. CHANCELLOR and D. S. H. DRENNAN. Potential changes in weed floras associated with reduced-cultivation systems for cereal production in temperate regions 99

Vol. 21 No. 3/4 **June/August 1981**

Second President of the European Weed Research Society Dr. R. K. DE PFEIFFER (1978–1979) 111
J. TOTH, P. J. MILHAM and J. M. RAISON. Ash from rice stubble inactivates thiobencarb and molinate 113
S. T. O. LAGOKE, A. H. CHOUDHARY and Y. M. TANKO. Weed control in rainfed groundnut (*Arachis hypogaea* L.) in the Guinea savanna zone of Nigeria 119
R. A. SÁNCHEZ, G. EYHERABIDE and L. DE MIGUEL. The influence of irradiance and water deficit during fruit development on seed dormancy in *Datura ferox* L. 127
R. M. DEVLIN, I. I. ZBIEC, A. J. MURKOWSKI and S. J. KARCZMARCZYK. The use of post-luminescence decay and fluorescence emission to detect initial herbicide toxicity 133
K. R. SCOTT and P. D. PUTWAIN. Maternal inheritance of simazine resistance in a population of *Senecio vulgaris* 137

R. J. HAGGAR and F. W. KIRKHAM. Selective herbicides for establishing weed-free grass. I. Evaluation of ethofumesate and methabenzthiazuron 141
R. J. HAGGAR and A. PASSMAN. Soil persistence and distribution of ethofumesate applied to autumn-sown perennial ryegrass for *Poa annua* control 153
T. T. LEE. Effects of glyphosate on synthesis and degradation of chlorophyll in soybean and tobacco cells 161
J. V. LOVETT, J. LEVITT, A. M. DUFFIELD and N. G. SMITH. Allelopathic potential of *Datura stramonium* L. (Thorn-apple) 165
H. DANIELL, G. SAROJINI, P. KUMARACHINNAYAN and G. KULANDAIVELU. Action of propanil on *in vivo* chlorophyll *a* fluorescence in *Echinochloa crus-galli* and rice 171
A. E. SMITH and B. J. HAYDEN. Relative persistence of MCPA, MCPB and mecoprop in Saskatchewan soils, and the identification of MCPA in MCPB-treated soils 179
F. POLLARD and G. W. CUSSANS. The influence of tillage on the weed flora in a succession of winter cereal crops on a sandy loam soil 185
A. ALI and V. SOUZA MACHADO. Rapid detection of 'triazine resistant' weeds using chlorophyll fluorescence 191
A useful publication by the EWRS Herbicides/Soils Working Group 199

Vol. 21 No. 5 **October 1981**

G. I. GHOBRIAL. Weed control in irrigated dry seeded rice 201
H. A. DAVIES and M. P. GREAVES. Effects of some herbicides on soil enzyme activities 205
P. A. O'SULLIVAN. Control of *Avena fatua* and *Fagopyrum tataricum* with tank mixtures of linuron or linuron + MCPA and sequential applications of linuron, and post-emergence *A. fatua* herbicides 211
J. GASQUEZ, H. DARMENCY et J. P. COMPOINT. Comparaison de la germination et de la croissance de biotypes sensibles et résistants aux triazines chez quatre espéces de mauvaises herbes 219
J. BASTIDE, J. M. CANTIER et C. COSTE. Comportement de substances herbicides dans le sol en fonction de leur structure chimique 227
Y. P. S. PUNDIR. A note on the biological control of *Scurrula cordifolia* (Wall.) G. Don by another mistletoe in Sivalik Hills (India) 233
C. MALAN, J. H. VISSER and N. GROBBELAAR. Control of problem weeds of maize on the Transvaal Highveld (South Africa). I. *Tagetes minuta* L. 235
J. VERITY, A. WALKER and D. S. H. DRENNAN. Aspects of the selective phytotoxicity of methazole. I. Measurements of species response, spray retention and leaf surface characteristics 243

Vol. 21 No. 6 **December 1981**

A. WALKER and R. L. ZIMDAHL. Simulation of the persistence of atrazine, linuron and metolachlor in soil at different sites in the USA 255
I. O. AKOBUNDU. Weed interference and control in white yam (*Dioscorea rotundata* Poir) 267
I. O. AKOBUNDU. Weed control in direct-seeded lowland rice under poor water control conditions 273
A. H. PIETERSE. Germination of *Orobanche crenata* Forsk. seed *in vitro* 279
R. J. HANCE, S. J. EMBLING, D. HILL, I. J. GRAHAM-BRYCE and P. NICHOLLS. Movement of fluometron, simazine, $^{36}Cl^-$ and $^{144}Ce^{3+}$ in soil under field conditions: qualitative aspects 289
J. M. BASKIN and C. C. BASKIN. Seasonal changes in the germination responses of buried *Lamium amplexicaule* seeds 299
J. VERITY, A. WALKER and D. S. H. DRENNAN. Aspects of the selective phytotoxicity of methazole. II. Behaviour in plants following root exposure 307
J. VERITY, A. WALKER and D. S. H. DRENNAN. Aspects of the selective phytotoxicity of methazole. III. Behaviour in plants following foliar treatment 317
Glossary of Common Names and Abbreviations of Herbicides 325
Author Index to Volume 21 331
